

# CRUISE COMPASS

*Serenade of the Seas*®

**DAY 5** Thursday, November 3, 2016  
Charlotte Amalie, St. Thomas

### SHOP AND DISCOVER CHARLOTTE AMALIE.

Aside from its idyllic beaches and fascinating history, St. Thomas is internationally known for its unbelievable bargains. Hundreds of duty-free shops and boutiques line the streets of Charlotte Amalie, selling everything from fine jewelry and imported china to liquor and tobacco. In fact, this vibrant port town has been declared duty-free since 1764, back when it was still a Danish colony thriving on sugar. And even before that, pirates used the island as a refuge and trading post for their precious booty. Merchants have been selling their wares for centuries in some of the very same buildings. So, you can easily see the sights while you shop! Start at the Kings Wharf and make your way to the shops on Main Street. Along the way, you can visit Fort Christian, Emancipation Park and other historical landmarks. Or head to beach and see for yourself why Magens Bay is considered to be one of the top 10 beaches in the world.

### BACK ONBOARD

**Health Advisory** - CDC has issued a travel alert (Level 2 - Practice Enhanced Precautions) regarding Zika virus transmission for people traveling throughout the Caribbean, Central / South America, Mexico, Oceania / So. Pacific Islands, Southeast Asia and Cape Verde, Africa. CDC also identified two areas in Miami (Wynwood, and a section of South Miami Beach) where Zika is being spread by mosquitoes. Pregnant women should not travel to those areas. Zika virus is spread primarily through the bite of an infected mosquito, which bites in the day and night, and lives both indoors and outdoors. Other modes of spread, including sexual transmission, have been reported. As additional areas of concern may be identified by CDC in the future, guests are encouraged to check the CDC website for the latest information at <http://www.cdc.gov/zika/intheus/florida-update.html>. Only 20% of people infected with Zika virus show symptoms which most commonly include fever, headache, skin rash, joint pain and conjunctivitis (red eyes). The illness is usually mild with symptoms lasting from 2-7 days. Although serious complications and deaths are uncommon, recent increases in birth defects and neurological syndromes are being reported in areas where Zika virus outbreaks have occurred. The CDC travel health advisory particularly impacts women who are pregnant (in any trimester) and women who are trying to become pregnant. Travelers can protect themselves by preventing mosquito bites and taking precautions including using insect repellents, wearing clothing which covers exposed skin and adopting safe sex practices. Pregnant women in any trimester should consider postponing travel to areas where Zika virus transmission is ongoing. Pregnant women who must travel to one of these areas should talk to their doctor or other healthcare provider first and strictly follow steps to avoid mosquito bites during the trip. Women trying to become pregnant who are thinking about becoming pregnant should consult with their healthcare provider before traveling to these areas and strictly follow steps to prevent mosquito bites during the trip. Mosquito repellent is available in the ship's gift shop or medical facility.

#### NOTICES

**CDC Travel Alert: Level II - Practice Enhanced Precautions - Pregnant Women** - In an abundance of caution, CDC recommends special precautions for pregnant women and women trying to become pregnant: Pregnant women in any trimester should consider postponing travel to the areas where Zika virus transmission is ongoing as of Feb. 2nd, 2016: Barbados, Bolivia, Brazil, Colombia, Costa Rica, Curacao, Dominican Republic, Ecuador, El Salvador, French Guiana, Guadeloupe, Guatemala, Guyana, Haiti, Honduras, Martinique, Mexico, Nicaragua, Panama, Paraguay, Puerto Rico, Saint Martin, Suriname, U.S. Virgin Islands, Venezuela, American Samoa, Samoa, Cape Verde. Pregnant women who must travel to one of these areas should talk to their doctor or other healthcare provider first and strictly follow steps to avoid mosquito bites during the trip. Women trying to become pregnant who are thinking about becoming pregnant should consult with their healthcare provider before traveling to these areas and strictly follow steps to prevent mosquito bites during the trip. Mosquito repellent is available in the ship's gift shop or medical facility.

**Helpful Health Information** - Medical experts tell us that the best way to prevent colds, flu or gastrointestinal illnesses - such as a Norovirus that can be transferred easily through person-to-person contact - is to simply wash your hands thoroughly with soap and warm water after restroom breaks and again before eating anything. Symptoms of Noroviruses include an upset stomach, vomiting and diarrhea. According to the United States Centers for Disease Control and Prevention, Noroviruses affect 23 million Americans on land each year. In fact, the only illness that is more prevalent is the common cold. If you have (or have had in the past 48 hours) any of these symptoms, please do not go to the ship's Medical Facility. Instead, go directly to your stateroom and call Guest Services by dialing "0". The nurse on duty will then return your call for a complimentary telephone consultation or stateroom visit. Treatment may be provided on a complimentary basis, if necessary.

**Discharge of All Garbage into the Sea is Prohibited Except As Provided Otherwise** - The MARPOL Convention and domestic law generally prohibit the discharge of most forms of garbage from ships into the sea. Violation of these requirements may result in penalties. All garbage is to be retained onboard and placed in the bins provided.

**Smoking Policy** - We have revised our onboard smoking policy, effective for all sailings departing on or after January 1, 2014. Under this new policy, all indoor public spaces will be smoke free, with the exception of the Casino. In the Casino, there will be designated smoking and non-smoking areas. Additionally, smoking will not be permitted in the staterooms or on stateroom balconies. Outdoor smoking areas will be designated on the starboard side. Please also note that smoking-like products such as electronic cigarettes or e-cigarettes are only permitted within the designated smoking areas.  
**Safety Warning** - Serious accidents and fatalities have occurred when guests have rented or taken independent tours involving mopeds, scooters, wave runners (jets skis). Royal Caribbean strongly recommends that guests do not participate in such activities while ashore.
